JOB ANNOUNCEMENT

POSITION TITLE: Enterprise Systems Manager
LOCATION: Administrative Office of the Courts - Salt Lake City
HIRING RANGE: 68-75 / $31.82 - $38.47
TYPE OF POSITION: Full-time with benefits
CLOSING DATE: **March 19, 2008 at 5:00 p.m.**

DIRECT APPLICATIONS TO: Human Resources
450 S. State
PO Box 140241
Salt Lake City UT 84114
801-578-3890 (phone)
801-238-7814 (fax)

DUTIES: The Enterprise Systems Manager will participate with the court's IT Leadership Team and multiple project teams to design systems and application solutions in a complex computing environment.

Duties include the development and implementation of interchanges using ESB standards, web services, staff skill development, and input on the implementation of the court's service oriented architecture. Other duties include implementing a secure and effective web service environment utilizing the court's current infrastructure and standards; design and develop computing applications to meet specifications of internal and external users; and manage the development of computing applications.

MINIMUM QUALIFICATIONS: Bachelors degree in computer science or an analytical discipline, plus five years of software architecture design and development experience. An advanced degree in computer science is preferred. In addition, applicants must demonstrate excellent written and verbal communication skills, be a team player with proven leadership skills, and have excellent organization, planning, detail, and multi-tasking skills.

Applicants also need skills/experience in the following areas:
·   Knowledge of SOA, EAI, and ESB principles in a high availability and high transaction environment.
·   Experience in Java programming utilizing the IBM WebSphere application development tool (RAD) is preferred.
·   Experience utilizing the Model View Controller development methodology.
·   Knowledge of UNIX.
·   Experience with Java, XML Schema, SOAP, WSDL, WS-RM, SAML, SSL, and DNS.
·   Knowledge implementing web services security.
·   Experience in web service standards, design, and development necessary to implement services between the courts, state agencies, and the private sector.
·   Knowledge of web service transport and its implementation across multiple platforms for interfacing entities.
·   Demonstrated understanding of SOA architecture best practices and implementation.

APPLICATION PROCEDURE: Applicants should submit a court application and resume. Applications may be obtained from Human Resources at the Administrative Office of the Courts; 450 S. State St., SLC, phone (801) 578-3890, the Dept. of Workforce Services, or from our website at www.utcourts.gov.
